## Woodbridge Public Library Announces Online Library Card Registration Portal

Get a Library Card instantly!

### Get a Woodbridge Library Card instantly

Woodbridge Public Library has enabled online library card registration to improve resident access to library services. Residents fill out a simple form on the WPL website or from the app, “WPL on the Go,” and immediately receive a temporary digital library card in their email. The digital card can be used to access a wide range of digital content from books, audiobooks, magazines, online classes, video based tutors and more.

Library Director, Monica Eppinger, explained, “We are doing what we can to make it convenient for residents to get a library card so they can use all of our terrific resources.”

The temporary card will be valid for ninety days so any digital items that were checked out will continue to be available. Once library staff process the online application a permanent card will be mailed to the resident’s address with a welcome packet. Residents can use their permanent card at three Woodbridge Township locations, the Main Library, 1 George Frederick Plaza, Woodbridge, the Iselin Branch, 1081 Green Street, Iselin and the Fords Branch, 211 Ford Avenue, Fords, and 50 area libraries in the MURAL system in Middlesex and Union Counties.

Contact the Main Library, 732-634-4450, x5, for more information or visit the Woodbridge Public Library website, [woodbridgelibrary.org](http://woodbridgelibrary.org) to “Ask-A-Librarian” by e-mail or chat.
