Message From Mayor John E. McCormac

Dear Woodbridge Township Resident:

We are pleased to provide the 2020 Woodbridge Township Sanitation & Recycling calendar – this year, the calendar sports a brand new layout which makes locating information about all of the Department of Public Works collection services easier than ever.

The 2020 calendar is accompanied by the Recycle Coach APP – a new and improved APP that replaced the MyWaste APP.

The Recycle Coach APP is customized to your address and puts trash and recycling collection schedules, special collection information and more right at your fingertips!!! Search the 'What Goes Here' database for specific recycling instructions. Keep track of upcoming special collection events such as the household hazardous waste drop-off, confidential document shredding day, Christmas tree collection, bagged leaf collection and more. Report a waste problem or send comments & suggestions through the APP. Visit the Township web page at: www.twp.woodbridge.nj.us for more information.

NEW THIS YEAR: DPW's Trash Can Cleaning Trucks are now serving the community cleaning and sanitizing resident's automated garbage and recycling bins. The Sanitation Division is going throughout the Township on garbage and recycling collection days cleaning the bins after pickup is complete. Bin cleaning will run approximately nine months a year (weather permitting) and when the bins are cleaned, a white sticker is attached to advise the resident that the bin has been cleaned. If for some reason a resident or homeowner's bin isn't out when the wash trucks go through, the resident can call Public Works to schedule their bin cleaning. Call (732) 738-1311 x3600 to schedule a garbage or recycling (or both) bin cleaning.

The Department of Public Works (DPW) will again offer the Spring Clean-Up & Bulk Waste collection service – every residential household can schedule a FREE ONE-TIME PER YEAR BULK WASTE CURBSIDE PICK-UP. The revised bulk waste collection system is more convenient for resident homeowners and allows the Department of Public Works to better manage bulk waste collection. Go to the June section of the calendar for details on the Bulk Waste collection program. All you need to do is call the Department of Public Works Sanitation Office at: 732-738-1311 x3600 to schedule your ONE-TIME PER YEAR FREE BULK WASTE PICK-UP.

More Good News!!! The Township-wide yard sale schedule returns with combined neighborhood yard sale dates: Woodbridge, Port Reading, Sewaren and Avenal host community yard sales on April 25. Fords, Keasbey, Hopelawn & Menlo Park Terrace are scheduled for May 2. Iselin yard sale date is May 16 and the Colonia community yard sale is set for May 30. Hold a yard sale this Spring and give your items a 'second chance.' It's a great way to REDUCE. REUSE. RECYCLE. PLEASE NOTE THAT THERE IS NO CURB-SIDE BULK WASTE COLLECTION FOLLOWING THE YARD SALES. BULK WASTE COLLECTION MUST BE SCHEDULED BY CALLING THE SANITATION OFFICE AT: 732-738-1311 X3600.

Contact the Department of Public Works Sanitation Office at 732-738-1311 x3600 or the Office of Recycling at 732-738-1311 x3035. Download the Recycle Coach APP or visit the Township Web Page at: www.twp.woodbridge.nj.us for all the information regarding the Automated Trash Collection & Recycling Program.

Sincerely,

John E. McCormac
Mayor

How to use your calendar:

It's as easy as 1, 2, 3!

TRASH PICK UP			RECYCLING PICK UP	
Iselin Woodbridge	Avenel Colonia	Fords Hopelawn Keasbey Menlo Park Terrace Port Reading Sewaren	Avenel Colonia Iselin	Fords Hopelawn Keasbey Menlo Park Terrace Port Reading Sewaren Woodbridge
SWD 1 (Solid Waste District 1) Monday	SWD 2 (Solid Waste District 2) Tuesday	SWD 3 (Solid Waste District 3) Wednesday	RD 4 (Recycling District 4) Thursday	RD 5 (Recycling District 5) Friday

1. Locate your town.
2. Find the SWD and RD numbers for your town.
3. Find the corresponding SWD and RD numbers on your calendar and that's when your trash and recyclables will be picked.

That's all there is to it!

(A space has been provided at the bottom of each month of your calendar for you to write down your SWD & RD numbers)

The Woodbridge Township Sanitation Department provides once a week pick up of trash and recyclables.

Remember to check your calendar for Holiday changes.

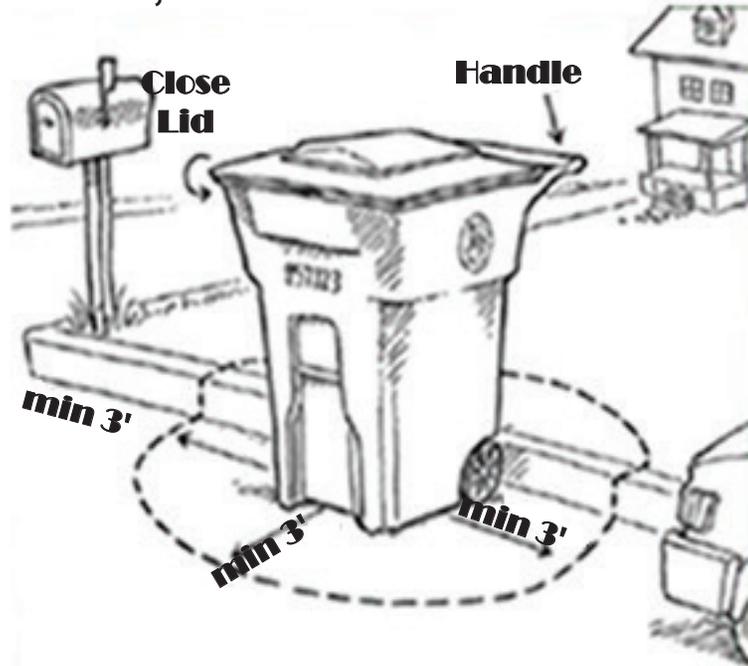

Follow your street index for special pick-up days for brush, leaf and Christmas Tree pickup.

PROBLEMS WITH SERVICE?

To report any problems with the collection of Trash or Recyclables please call the Sanitation Department at (732) 738-1311 x3600.

Putting your trash or recyclables out

- * Check your calendar to make sure it is your collection day.
- * Place your cart at the curb after 4pm the day before your collection, as shown.

- * **DO NOT** place any items next to the cart, only items in the cart will be collected.
- * Remove your cart from the curb by 9pm the day of your collection.
- * Carts must be stored in your side or rear yard.

Stay Local! Visit our Township Parks!

Matthew Jago School 28
99 Glen Cove Avenue
Sewaren, NJ 07077

Make sure your cart lid is closed before placing it at the curb.
Let's keep those items inside the cart, don't create litter.

It's all about Recycling Organics!

It's Summer, the grass and plants are growing. It's time for GRASSCYCLING & COMPOSTING!

Stay Local! Visit our Township Parks!

Grasscycling : Recycle your grass clippings by leaving them on your lawn.

- * It saves time
- * Adds nutrients to your lawn
- * Reduces landfill waste

Backyard Composting : Recycle your organic kitchen and yard waste, by creating a compost pile in your yard.

- * It's a practical and convenient way to handle your organic waste
- * It improves the soil quality
- * It puts nutrients back into the soil
- * Reduces landfill waste

Food is Energy, let's not waste it!

Woodbridge Township Schools are now recycling their food waste!

- * Students are now able to recycle all of the food they do not eat
- *The food waste is collected from the schools, sent to a facility, where the food is used to create biogas and renewable energy.
- *On average 2,000 lbs of food waste is collected daily from our schools
- *This creates enough energy to power 8-10 homes for a day!

Sustainable Energy!

Take a tote or reusable bag when you go shopping.
Avoid using plastic bags.

Put your lawn mower to good use this fall...

“mulch your leaves and go”!

Use your lawn mower to mulch your leaves where they fall.

You can then leave them on your lawn, add them
to your garden/flower beds
or put them in your compost pile.

BUT if you must bag them...

FREE LEAF BAG DISTRIBUTION LOCATIONS

(To obtain leaf bags all residents must show proof of residency)

Woodbridge Community Center
600 Main Street
Woodbridge

Tuesday– October 6 & 20

4:30pm to 7:30pm

Saturday– October 17

9am to 1 pm

JFK High School
200 Washington Ave
Iselin

Thur- October 8 & 22

4:30pm to 7:30pm

Evergreen Senior Center
400 Inman Avenue Colonia

Wednesday– October 7 & 21

4:30pm to 7:30pm

Pelzman Park (Avenel Tennis Courts)
Tappan Street
Avenel

Friday– October 9 & 23

4:30pm to 7:30pm

Starting October 1st leaf bags will be available at the Public Works Complex located at 225 Smith Street Keasbey. Only leaves in biodegradable paper bags will be collected. No plastic bags! Leaves placed in the street can be dangerous. They can clog storm drains and cause flooding, reduce the width of roads, creating hazardous driving conditions. If you are going to schedule a loose leaf pick up, payment must be received and a pick up date given, before any leaves may be placed at the curb.

Please contact the Road Dept. at 732-738-1311 x 3044 for payment and pick up information. Failure to comply may result in fines.

Stay Local!
Visit our Township Parks!

Berry Street Park

Berry Street

Woodbridge, NJ 07095

Keep leaves out of the street and out of our storm drains.
Don't let them pollute our waterways.

Cooking il

Cooking oil DO's and DON'Ts

- * **DON'T** put grease or cooking oil down the sink, even if you follow it with hot water or soap.
- * **DON'T** flush cooking oil and grease down the toilet.
- * **DON'T** put greasy foods down the garbage disposal.
- * **DO** scrape leftover food into the trash before washing pots, pans and dishes.
- * **DO** use a fine-mesh strainer in your sink to prevent debris from going down the drain.
- * **DO** clean out leftover foods from your sink and dispose of in the trash.
- * **DO** recycle used cooking oil, fats and grease at the Recycling Center in Keasbey!

How to recycle your used Cooking Oil

1. Carefully pour cooled cooking oil into a large, sturdy plastic or wax coated container.
2. Cap the container and store it in a cool, safe location
3. Don't mix the contents with any other liquids or products
4. Once the container is full, bring it to the Recycling Center in Keasbey.

Let's all be aware of **STORMWATER POLLUTION!**

Water from rain and melting snow that flows over lawns, parking lots and streets is called stormwater runoff. This water never gets filtered or treated. The water travels along gutters into stormdrains and is discharged into local waterbodies. Along the way the stormwater picks up litter (fast food wrappers, cigarette butts, plastic bottles, cups, etc), and other pollutants (car fluids, pesticides, pet droppings, etc). This polluted stormwater can kill fish and other wildlife, contaminate our drinking water sources and close beaches because of health threats to swimmers.

Everything we put on the ground or into the storm drain can end up in our water. Each of us has a responsibility to keep these contaminants out of our water!

LITTER TRAVELS
But it can STOP with you.

*Stay Local!
Visit our Township Parks!*

Woodbridge Dog Park

Cliff Road
Sewaren, NJ 07077

Dog poop is considered a dangerous pollutant by the EPA and can be just as toxic as certain chemicals and oils. Remember to always “Scoop the Poop” and keep our waterways clean

your app store today!

Street Index:

How to use your street index:

1. Find the boxes with your town listed at the top. Please check all boxes. Towns are not in order and some boxes share multiple towns.
2. Once you've located your town boxes, check each box until you find your street listed.
3. Once you have found your street look at the top of the box to locate your RD and Zone number. Your special pick up days will be listed on your calendar by your RD and Zone number. Your special pick up days can also be found on the right hand side of the box.

(A space has been provided at the bottom of each month of your calendar for you to write down your RD and Zone number)

Know Your Flood Hazard: Protect Yourself and Your Property from Flooding

Protect Our Natural Floodplains

Only rain goes down the storm drain. The ability for storm drain systems to function correctly directly relates to minimizing the flood inundation, potential damage sustained during strong rain events, and the reduction of non-point source pollution into our waterways. Natural habitats are the definition of resilient infrastructure, as they are more readily able to rebound after powerful storm events. In addition to providing flood storage capacity, these areas are havens for safeguarding the existing benefits associated with healthy natural areas, such as filtration of nutrient runoff and biodiversity. To learn more about the beneficial functions of natural floodplains ...check out the Township floodplain management webpage: <https://www.twp.woodbridge.nj.us/635/Floodplain-Management>.

Know Your Flood Hazard

Woodbridge Township has areas of special flood hazards located in the AE, A, Coastal A, and VE zones. You can locate Special Flood Hazard Areas in your neighborhood by looking at the Flood Insurance Rate Maps (FIRM) at FEMA's Map Service Center or on the Township's floodplain management website, via the Woodbridge Township Interactive Flood Viewer which shows both the 2010 Effective FIRM and 2014 Preliminary FIRM, or by visiting our FEMA Flood Zones link on the Township's floodplain management webpage. Woodbridge Township contains areas of tidal and fluvial flooding. Never drive down flooded roadways. For your safety, our web pages have links to real-time tide gauge data. The Township of Woodbridge participated in updating the Middlesex County Hazard Mitigation Plan. The plan is designed to help identify local weaknesses and assess ways to potentially combat those issues. Thus, the overall outcome of the plan's development is to reduce devastating effects of future storm events and other natural hazards. The plan is available to view on the Township's floodplain management website.

Please note that the Woodbridge Township Flood Viewer should only be used as a reference. For further flood zone clarification or to request a flood zone designation letter for your property, please contact Thomas C. Flynn, M.P.A., CFM in the Woodbridge Township Division of Engineering

Protect Yourself/Property from Flood Hazards

This brochure has been developed to help minimize risk within floodplains, and in order to reduce the amount of flood damage sustained during future flood events. Some areas of Woodbridge Township have been historically susceptible to flooding, and as a result it's important to know how to prepare for, respond to, and recover from a potential flood event. This brochure along with many other helpful flood preparedness and recovery informational materials can be found on the Township's floodplain management website: <https://www.twp.woodbridge.nj.us/635/Floodplain-Management>

Build Responsibly

If you are in the market to potentially purchase property, you should examine any possibility of a flood hazard BEFORE YOU BUY & BEFORE YOU BUILD, and the need to have flood insurance to protect yourselves and your property. Historic flood risk may not be the same risk you face today or in the future. By rebuilding higher, you can reduce—or avoid—future flood loss and reduce the impact on your finances. The Township recognizes The New Jersey State Flood Hazard Area (FHA) Control Act Rules, N.J.A.C. 7:13. Please note that in situations where the base flood elevation (BFE) denotes a more protective delineation, the State of New Jersey is using the information as the basis for statewide floodplain development standards. To learn more about the types of N.J. Flood Hazard Area Permit Authorizations, visit our Floodplain Management website and to view the Township's Municipal Flood Damage Prevention Ordinance, including Chapter 22 of the General Ordinance and the Township's Open Space Conservation & Resilience Zone Ordinance (OSC/R Zone).

Carry Flood Insurance

Federal law requires that a Flood Insurance Policy be obtained as a condition of a federally backed mortgage or loan that is secured by the structure located in an area of special flood hazard, as per the Effective Flood Insurance Rate Map (FIRM) delineation. Although some areas susceptible to flood risk do not require the purchase of flood insurance, it is recommended in order to best minimize financial vulnerability during a potential flood event. It's important to carry flood insurance even if you are not federally required to do so. According to FEMA, a structure located in a Special Flood Hazard Area has a 26% annual chance of experiencing a 1% annual exceedance probability flood (100-year flood event) over the course of a 30 year mortgage. A property not in a Special Flood Hazard Area (SFHA) may be damaged by a flood greater than that predicted on a flood study, such as a FIRM or state delineation. According to FEMA nearly 25% of all National Flood Insurance Program flood insurance claims come from policy holders outside of federally mapped Special Flood Hazard Areas. Learn more about Preferred Risk Policy premiums available through the NFIP, which offer lower-cost coverage for structures mapped outside the SFHA.

Most homeowner's insurance policies do not cover flooding. Don't wait until storm season to obtain a policy. It typically takes approximately 30 days for a flood insurance policy to take effect. To learn more about flood insurance and to find out how to obtain a policy visit: www.FloodSmart.gov

Prepare for a Potential Flood Event

Be aware of alternative evacuation routes from your neighborhood. Gather supplies that you might need during a flood event, such as: a "go-bag," battery- powered radio, emergency kit, etc. Plan for how you will care for your pets during a potential flood event. Create a response plan. Visit www.redcross.org to learn more about developing ways to be better prepared. To learn more about what types of specific flood hazards impact Woodbridge Township visit the Woodbridge Township Floodplain Management webpage located at: www.twp.woodbridge.nj.us/635/Floodplain-Management.

During and After a Flood Event

Avoid downed power lines that could pose a serious life-threatening hazard. Report these issues to utility companies immediately. Generators should never be operated inside your home or garage. The Department of Homeland Security (DHS) has developed a checklist designed to help you during a potential evacuation. You may access the DHS site online at: <https://www.ready.gov/evacuating-yourself-and-your-family>.

COMMUNITY RATING SYSTEM – WHAT YOU NEED TO KNOW

The Woodbridge Township Division of Engineering, in conjunction with the Federal Emergency Management Agency (FEMA), is working to implement the Community Rating System. For detailed FEMA Flood Insurance Rate Map (FIRM) determinations based on a street address which delineate floodways, limits of wave action, state protected natural areas, NOAA sea-level-rise data, historical extents of flood inundation, and flood depths contact the Woodbridge Township Division of Engineering for assistance: 732-602-6057. In addition, the Township offers flood protection assistance information in order to help property owners reduce vulnerability from flood related hazards. Flood-proofing techniques vary in size, scale and scope in relation to specific flood hazard conditions and the use of the structure. Some retrofitting alternatives might include elevating the structure, constructing engineered flood walls and protecting utilities from flood vulnerability. This service is intended help provide one-on-one assistance to property owners in order to evaluate potential flood protection options. This service is not intended to function as means by which to offer design, engineering, or construction project support. Interested parties should contact the Division of Engineering in order to arrange for a consultation. Be sure to obtain all necessary permits before construction.

NOTE: Consultation is based on the available "Flood Insurance Rate Maps(s)" of the municipality. This consultation does not imply that the referenced property will or will not be free from flooding or damage. A property may be damaged by a flood greater than that predicted on the FIRM or from a local drainage problem not shown on the map. This consultation does not create liability on the part of the municipality, or any officer, or employee thereof, for any damage that results from reliance on consultation determinations.

<http://www.twp.woodbridge.nj.us/635/Floodplain-Management>

Code RED / Special Needs Assistance

Woodbridge operates the emergency communications telephone alert system. Please take a moment to fill in the appropriate information on the Code RED website (www.twp.woodbridge.nj.us) to be notified by Emergency Management in the event of emergency situations or critical community alerts. Examples include: evacuation notices, bio-terrorism alerts, boil water notices, and missing child reports.

Also, Woodbridge Township has a special needs registry for disasters, for people with disabilities who need help during an evacuation or emergency.

Please contact the Office of Emergency Management at 732-602-7361 for more information.

PROJECT MEDICINE DROP

This program is run by the Woodbridge Twp. Police Department. A secure collection box is located in the lobby of the Police Department at Town Hall. Prescription and over the counter medicines can be dropped off.
