#RyanStrong

"With so many people looking to help, we want you to know that this event means the most! Ryan has received numerous blood and platelet transfusions in order to save his life.

This event is dear to us since Ryan will continue to receive transfusions and we want to help replenish the blood bank at Robert Wood Johnson University Hospital.

We are asking that those of you who can donate to please do so. We know that some of you can not so please pass this around and ask others to donate."
