

I Pledge to Reduce My Carbon Footprint

I pledge to do one of the following to reduce my carbon footprint:

- *Learn about cost saving programs for purchasing or leasing electric vehicles;*
 - *Schedule an electric vehicle test drive at a local dealership;*
 - *Choose zero-emission or fuel-efficient transportation if possible.*

My actions have an incredible impact on our local and global environment. Therefore, I pledge to learn about cost saving programs for purchasing or leasing electric vehicles, schedule an electric vehicle test drive at a local dealership, or choose zero-emission or fuel-efficient transportation if possible. Local campaigns like “I Pledge to Reduce My Carbon Footprint” strengthen electric vehicle initiatives that address air pollution and support zero-emission transportation.

Sincerely,

Mayor, John E. McCormac
