

Greenable Woodbridge Presents: The 'Best of the Nest' Competition!

'Best of the Nest' is a fun community competition which invites Township residents to create innovative DIY birdhouses aimed to help establish unique places in Woodbridge for birds to call home!

Birds are important seed dispersers and pollinators. Helping our flying friends find a place of their own contributes to improved biodiversity and a strong sense of ecological stewardship.

The competition kicks off on National Bird Day, Jan. 5th 2026, a day to celebrate and raise awareness about the importance of avian species to the local environment, and will close on April 1st, 2026 as we welcome Spring! Contestants are asked to submit at least one photo of their birdy creation, disclose what materials were used in creating the piece (upcycled materials, ecofriendly products, etc.) and any other details, such as, pictures showing birds moving into the newly built home!

Submit competition entry photos or questions to:
GREENABLE@twp.woodbridge.nj.us

Winners will be announced and awarded at the Township's annual Earth Day celebration on Saturday, April 18th at Acacia Youth Center (95 Port Reading Ave, Woodbridge, NJ 07095). All entries will be acknowledged for their dedicated service to the Township's conservation biology and ecosystem services.

MAYOR JOHN E. McCORMAC

Judging

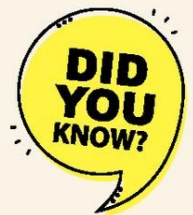

Our very own Woodbridge Environmental Commission will be judging to see who will take home the 'Best of the Nest' top prizes! Entries will be judged on the following criteria:

- Use of Recycled, Upcycled, or other Ecofriendly Materials
 - Functionality / Durability
- Overall Appearance / Level of Difficulty & Design Execution

TOP PRIZE WINS a Smart Bird Feeder!

AI Recognition of 6,000+ Bird Species

Turn your backyard into an educational paradise and discover the rich avian life around you.

Perches are typically unnecessary in order to attract native birds! LEARN MORE @ nestwatch.org

Creatively Upcycled!

Fun & Functional!

Durable & Detailed!
